L&T-Komatsu bags Energy Efficiency & Conservation Award

L&T-Komatsu (LTK) has bagged the prestigious award for being 'The Most Innovative Company in Energy Efficiency & Conservation' from the Bangalore Chamber of Industry and Commerce (BCIC).

This award recognises LTK's commitment to energy conservation in line with the EHS management system followed by the organisation.

The award was conferred at a seminar organised on February 11th by the BCIC on innovative methods adopted by various industries from Karnataka for energy efficiency and conservation.

Mr. T. V. Venkatesh (right), receiving the award from the Chief Minister of Karnataka.

LTK showcased the various innovative methods carried out in the company. The other participants included Infosys Technologies, Kennametal, Toyota Kirloskar, Bosch, and Lanco Power.

Mr. T.V. Venkatesh, Head-Hydraulic Works, LTK, received the award from the Chief Minister of Karnataka, Mr. B. S. Yeddyurappa.

Eminent personalities at the seminar included Dr. Ajay Mathur, Director General, Bureau of Energy Efficiency; Mr. Tushar Giri Nath, Managing Director, Bangalore Electricity Supply Company; Mr. Shekar Viswanathan, Vice President, BCIC; and Dr. S.L. Rao, Board Member, Institute for Social and Economic Change.
