

A joint venture of L&T – Larsen & Toubro ATCO Saudia LLC has secured a large procure and construct contract from Sadara Chemical Company (Sadara), a joint venture of Saudi Arabian Oil Company (Saudi Aramco) and The Dow Chemical Company (Dow).

The project involves Procurement & Construction of Solution Polyethylene and Specialty Elastomers package in Al-Jubail Industrial City II, in the Eastern Province of Saudi Arabia, where Sadara is constructing a world scale chemical complex. The project is scheduled to be completed in 35 months.

The prestigious contract was won by L&T-ATCO against stiff local and international competition. It is part of L&T's strategic growth plan in the international chemicals sector. L&T has been making significant strides in engineering and construction in the international market through its well-established capabilities in the execution and delivery of turnkey
