

L&T Construction Awarded (Large*) Contract for its Smart World & Communication Business

Mumbai, April 07, 2020: The Smart World & Communication Business of L&T Construction has secured a large order from the Indian Army to establish a first-of-its-kind, state-of-the-art **Unified Network Management System** to Manage, Support and Operate the countrywide Armed Forces Network under the Network for Spectrum (NFS).

“This is an extremely critical and sensitive project for the Director General, Centralized network monitoring, management and control system for all the seven layers under NFS which interconnects 414 Defence stations,” he added, describing the scope of the mandate.

Background:

Larsen & Toubro is an Indian multinational engaged in technology, engineering, construction, manufacturing and financial services with over USD 21 billion in revenue. It operates in over 30 countries worldwide. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades.
