

:

The Railways Strategic Business Group of L&T Construction has secured a significant order to construct the Jakarta Mass Rapid Transit (MRT) Project (Phase 2A) (Contract Package CP205) for MRT Jakarta through L&T's long-term Japanese partner, Saitz Corporation. This Contract marks the first EPC Railway Systems Order for L&T in the ASEAN region.

The Jakarta MRT Phase 2A is an extension of the existing Jakarta MRT Line for the section
